

Sponsorship

Mr./Ms./Dr _____ is an employee of our institution and he / she is sponsored to attend the National Conference on **Urban Environmental Pollution and Public Health** from 01.11.2011 to 02.11.2011.

Date:

*Signature of Sponsoring
Authority with office Seal*

Mailing Address:

Prof. H. Prasada Raju
Coordinator, National Conference of **Urban Environmental Pollution and Public Health**
Department of Civil Engineering
St. Peter's University, Avadi, Chennai
Tamil Nadu – 600 054.
Phone: 044 – 26558080-84 Ext. 132 (Off)
Fax: 044 – 26558080-84
Mobil: 9025962759
Email: civil@stpetersuniversity.org

Registration

The registration fee of Rs.500/- per participant is to be paid along with registration form. The registration fee covers workshop Lecture Notes, lunch and refreshments. The registration fee may be sent by DD, Payable at Avadi, in favour of the Registrar, St. Peter's University. All registered outstation participants will be provided boarding and lodging in the College Campus Guest House on prior request. However, working lunch and tea will be provided for all the registered participants. Accommodation can also be made in hotels at Chennai according to the preference of the participants at their expense

Format for technical paper

Title of paper: Font - Times New Roman 14 Bold caps; After one space: Author, Affiliation, E-mail - Font – Times New Roman 10 italics; Leave one space. Then Abstract title Font – Times New Roman 12 bold; Text of Abstract – Font - Times New Roman 11 italics; Main text of paper; Titles Font - Times New Roman 12 bold caps; Content Text Font - Times New Roman 12 justified. Sub-headings: Times New Roman 12 bold italics; Figures – Title should be at the bottom of figure. Tables – Title should be at top of table. References – Author (year), Paper title, Conf./book/journal title, Vol., No., pp. References should be cited in text in brackets (author, year).

Important Dates

Last Date for full Paper Submission: **20.10.11**
(soft copy by e-mail: civil@stpetersuniversity.org)

Intimation of Acceptance : **23.10.11**

Last Date for Registration : **28.11.11**

NATIONAL CONFERENCE ON URBAN ENVIRONMENTAL POLLUTION AND PUBLIC HEALTH

November 01-02, 2011

Sponsored by

INDIAN COUNCIL OF MEDICAL
RESEARCH (ICMR)

Coordinators

Prof. H. Prasada Raju
Dr. S. Krishnakumar

Organised by

Department of Civil Engineering

St. Peter's University

Avadi, Chennai, Tamil Nadu – 600054.

About St. Peter's Engineering College

St. Peter's Engineering College established in the year 1993 has been declared as a Deemed-to-be-University by the Ministry of Human Resource Development – Government of India – New Delhi, under Section 3 of the UGC, Act 1956 from 2008-09 onwards. St. Peter's University comprising St. Peter's Engineering College sponsored by St.Peter's Institute of Higher Education and Research – Trust.

St.Peter's Institute of Higher Education and Research – Trust will continuously strive to focus on imparting quality technical education introducing innovative programmes leading to Research and Development for sustainable growth. Thirteen branches of Engineering Courses at the Graduation level and Ten master level programmes along with Management and Computer Science disciplines are offered. Further the University also offers M.Phil and Ph.D. programmes in Science and Engineering.

Department of Civil Engineering

The Department of Civil Engineering, accredited by National Board of Accreditation is a unique department of St. Peter's University established in 2002. It offers a 4 years B.E. Civil Engineering and 2 years M.E. Structural Engineering Programme. It has distinguished, dedicated and specialized faculties in different areas of Civil Engineering with rich experience in academics, industry and research. The department has well equipped and spacious laboratories with modern computers. Presently we are working on a research project on Geopolymer concrete sponsored by DST.

About The Conference

More than half of the world's population lives in urban areas, a trend that is rapidly accelerating in India. As many urban dwellers are disconnected from the real or natural world, it has been suggested that a new human species - homo urbanus - is emerging. Urban areas are sources of pollutants for water, air and soil. Air pollutants produced in urban are transported downwind to more rural areas. Light pollution and noise pollution are also factors. Human health is affected by the following, among others: urban heat islands; elevated ozone levels; elevated particulate levels; increased storm water leading to sewer overflows; light pollution; soil pollution; water pollution; lack of identification with and contact with the natural world; invasive species. This conference will focus on the latest information about urban pollution problems and what measures can be taken to overcome obstacles to sustainability and life quality. The role of urban vegetation in storm water retention, pollution and temperature reduction, green roofs, re-surfacing buildings, reducing asthma and other advances will be presented.

Topics to be Covered in the Conference

Water Quality and Public Health, Purification of drinking-water supplies, Treatment, disposal and discharge of wastewater, Methods of monitoring water quality, Modeling and measuring of water pollution, Ground water pollution control, Water resources and quality assessment, Hydrobiology and water pollution, Other topics related to water pollution, Air Pollution and Public Health, Effects of air pollution on public health, Air pollution modeling and other topics related to urban environment pollution and the Public Health.

NATIONAL CONFERENCE ON URBAN ENVIRONMENTAL POLLUTION AND PUBLIC HEALTH

November 01-02, 2011

Registration Form

Name : _____

Date of Birth : _____

Designation : _____

Specialization : _____

Experience : _____

Address: : _____

Mobile : _____

Email : _____

DD. Number : _____

Bank : _____

Contributing Paper: Yes / No

If Yes Title of Paper _____
